As a co-op we follow the

# Seven Co-operative Principles

A co-op is a group of people that gets together to organise collectively for their mutual benefit. Work, housing, services, pubs and social centres can all be co-operatively owned and managed.

1. Not-for-profit
2. Holistic business
3. A permaculture community
4. Flat pay structure
5. Consensus decision making

# POWERED BY AN AMAZING COMMUNITY OF PEOPLE

**#SaveUKCBD**  
**saveukcbd.org**

# WHY #SAVEUKCBD?

1. Hemp is an ecological and economic opportunity
2. CBD is legal to buy, sell and import, but illegal to grow or produce in the UK, despite UK CBD sales set to be £1bn by 2025 (CMC)
3. The Home Office is treating hemp as a problem to be regulated by the Drugs and Firearms Unit.

1. **Allow farmers to harvest the hemp flowers**
2. **Move hemp licencing from Home Office into DEFRA**
3. **Set a sensible minimum THC level in line with Switzerland or the Channel Islands**
